

**LEGAL NOTICE**

**STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.**

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1<sup>st</sup> Floor, LaSalle Building, 617 North 3<sup>rd</sup> Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, JULY 29, 2008**, upon the application of **INDIGO MINERALS, LLC**.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Lower Hosston Formation, Reservoir A, the Cotton Valley Formation, Reservoir A, and the Haynesville Zone, Reservoir A**, in the Belle Bower Field, DeSoto Parish, Louisiana.

1. To establish rules and regulations governing the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir A.
2. To create two (2) drilling and production units for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir A,
3. To force pool and integrate all separately owned tracts, mineral leases and other property interests within each of the proposed units with each tract sharing in unit production on a surface acreage basis of participation.
4. To designate an operator of, and unit wells for, the proposed units as may be appropriate.
5. To propose that future wells drilled to the Haynesville Zone within or outside of the units proposed herein be located no closer than 330 feet to any unit line and no closer than 660 feet to any well completed in, drilling to, or for which a permit has been granted to drill to the Haynesville Zone.
6. To permit applicant to combine downhole production from the Haynesville Zone underlying the proposed units with production from the Lower Hosston Zone underlying the existing units L HOSS RA SUA and L HOSS RA SUF, and with production from the Cotton Valley Formation underlying the existing units CV RA SUA and CV RA SUF, or from any combination thereof, in any well drilled on these units in which the ownership interests in the units from which production is combined downhole are identical.
7. To consider such other matters as may be pertinent.

The Haynesville Zone, Reservoir A is defined as the stratigraphic equivalent of that interval encountered between the measured depths of 9,800' and 11,256' in the Comstock Oil & Gas-La., LLC-Caraway Estate No. 2 Well, located in Section 20, Township 12 North, Range 16 West.

A plat is available for inspection in the Office of Conservation in **Baton Rouge and Shreveport**, Louisiana.
